Dear Future First Grade Parents,

As we welcome your child to first grade we would like to share some responsibilities that they will have. One is tying their shoes. By first grade we expect the students to be able to do this on their own for whatever type of shoe with laces. If your child cannot tie their shoes or tie them well, please practice over the summer so that it is mastered by fall.

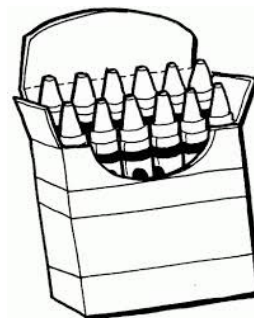

The second responsibility is that they will have daily homework that they will need to get home, complete, and return to school. When school starts, we will teach first graders ways to organize their homework so that it can travel back and forth. Before school starts we would like you and your child to decide where and when they will do their homework and have simple school supplies to keep at home. We are sharing this now so that when you are purchasing the classroom supplies you can make sure you have things at home as well.

We look forward to having your child in first grade. Here is a list of items that your child should have on their first day of school.

Thank you,
First Grade Teachers
